Swing Players have to be communicated at the start of the game and have access to their roster information, US Lacrosse number, birthday, headshot with NO helmet, Home book is the official book, email scores to Secretary and VP @southsoundlax.com, double check scores at the end of the game and make sure you agree with the score recorded.

• Ref / Scorers Bench Interaction

• 1.5 Referee per determined team for each Club- It was brought up to Raise fees for further games for the refs. Someone mentioned they should be getting traveling stipends by entering mileage? (I, Chelsea, was unable to hear the comments made on where to find that, or enter that information and have not seen the referee system for payment).

- League Schedule

• Team Verification

• Blackout Verification

• We were unable to accommodate an 'All home games weekend'- There was comments made to see if we could add an '@' symbol in the white cells to indicate that team is Away, there was still some discrepancies of what the Green- Away team meant.

In this Snip It (Just an example not a final draft) –

Emerald Ridge would be Home March 2nd -playing Tacoma, they would have a 'Bye' on March 9th.

Gig Harbor would be Away March 2nd - playing @Kitsap, Then they would be Home March 9th-playing Peninsula. I hope this helps clarify.
